CONFERENCE THEME

The tremendous progress in information and communication fields has revolutionized all the engineering applications, which contribute to the growth of a modern society. This conference will focus on current research and developments in the field of information and communication. The main objective of the conference, ETICT-2017 is to provide an opportunity for disseminating the information on advancements, applications and future trends in these fields. The scope of the conference is to provide a link between the researchers in educational institutions and in industries.

ABOUT THE INSTITUTION

Sethu Institute of Technology is a 22 - year old Engineering college serving the Educationally, Economically and Industrially backward rural mass. This Institute imparts technical education based on three cardinal principles: Knowledge, Service and Progress. It was established in the year 1995, offering currently 9 UG Programmes and 5 PG Programmes out of which 5 UG Programmes have been accredited by NBA and College has been accredited with 'A' grade by NAAC.

ABOUT THE DEPARTMENT

The department of Electronics and Communication Engineering was incepted in the year 1997 with the objective of developing communication engineers to achieve excellence in global scenario. The department has a team of well qualified, experienced and dedicated faculty members with industrial and research background. The Department has been accredited by NBA under (Tier-I) Washington Accord. It has well equipped laboratories with state of art equipments. The department offers P.G Programme in M.E. (Communication Systems). The Department is recognized as research centre by Anna University, Chennai
