DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Activity Supports Employability/Entrepreneurship/Skill Development

Subject Code: 15UCS804

Subject Name: Project Work

The following activities are conducted in the course for the students to support Employability/Entrepreneurship/Skill Development

- Students learn how to solve problems that are important to them, including real community issues, more effectively—even learning from failure and possibly starting over.
- They apply creative thinking skills to innovate new product designs and possibilities for projects.
- Students build on their research skills and deepen their learning of applied content beyond facts or memorization.
- Project development helps the students to improve the problem solving skills.
