DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Activity Supports Employability/Entrepreneurship/Skill Development

Subject Code: 15UCS910

Subject Name: Building Internet of Things

The following activities were conducted in the course for the students to support Employability/Entrepreneurship/Skill Development

Mini projects were given to the students for involving them to develop products for many applications. By means of involving them in such it enables the students to develop the ability to produce a new product and market it. Since this project designing is a skill based activity that it makes them to develop their skill set.
