

**SETHU INSTITUTE OF TECHNOLOGY**  
(An Autonomous Institution| Accredited with 'A' Grade by NAAC)  
PULLOOR, KARIAPATTI – 626 115.

**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

Activity Supports Employability/Entrepreneurship/Skill Development

**Subject Code: 15UIT910**

**Subject Name: Building Enterprise Applications**

The following activities are conducted in the course for the students to support Employability and Skill Development,

- Flipped Classroom activity learning stimulates self learning ability and Technical discussion ability among the students. The students learn about the given topic by themselves with the help of internet or books and prepare for the technical discussion. Such practices of self learning and the technical discussion promote the technical competency among the students. This facilitates the students to face the employment opportunities.
- Mini Project activity promotes the teamwork and increase programming skills among the students. Mini Project is given for a particular Scenario. The students are practiced to work in team to provide the programming solution for the scenario given to them. Working in Team and programming skills are developed during this activity.
