DEPARTMENT OF INFORMATION TECHNOLOGY

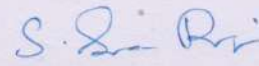

Activity Supports Employability/Entrepreneurship/Skill Development

The following activities are conducted in the course "19UIT406 – Computer Networks" for the students to promote entrepreneurship.

Simulation technique on the topic of "CSMA/CD protocol" This activity supports the students to create their own scenario and show the performance of CSMA/CD protocol through simulation using Ethernet LAN protocol. This simulation technique particularly motivates them for entrepreneurial initiatives and employability options to the students.
