ABOUT THE INSTITUTION

Sethu Institute of Technology is an Autonomous, self-financing Engineering College established in the year 1995, Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai, Accredited by NAAC with A Grade, Recognized by UGC with 2(f) & 12(b), Accredited by NBA (CSE,ECE & EEE,MECH,IT) The College has 13 UG courses(CSE IT, ECE, EEE, Mech, Civil, Chemical, Agriculture Biomedical, Biotechnology, CSBS, CSDS, AI DS) and 5 PG courses, CAD/CAM, Communication System, CSE, Power Electronics and Drives, Structural Engineering. The college has received research grants from various Funding Agencies, organized International and National Conferences, conducted Guest Lectures, Seminars, Workshops and Project Expo. The College has signed MOU with Industries and R&D Institutions like ICAR-NRCB, CISCO, DELL EMC, Wizard Systems, EFY and ABE Technologies for Centre of Excellence. The College attracts outstanding students by virtue of its Discipline, Modern Infrastructure, Library and Faculty Members.

ABOUT THE DEPARTMENT

The department Biomedical Engineering has excelled in its infrastructural facilities keeping pace with the latest development in technologies. Besides teaching, the department is actively involved in moulding the students for placement, providing communication classes, technical and aptitude classes s, doing mini projects, industrial consultancy, conducting training programmes for students and makes them to be self-supportive. The Department is known for its extensive and fruitful interaction with the Industries and other R&D organizations. The department is well established Signal condition lab with advanced technologies for centre of excellence. The faculty members are well experienced and dedicated towards the upliftment of the student community. The students are exposed to the practical and industrial aspects of the subjects through laboratory works and periodic industrial visits

ABOUT THE SEMINAR

Covid-19 has impacted all walks of life so much, the only way that, we may return to the old normal life is with advanced Technologies and safety measures with new devices. Hence, it is needed to adopt new technologies in healthcare, smart homes, smart buildings, smart cities, transportation, and industries. These advanced technologies and initiatives are multiplying to attempt to control the situation, effectively treat patients, and facilitate the efforts of overworked health care workers. Biomedical and Biotechnology researchers while developing new effective vaccines and medical devices. This analysis examines in detail how five advanced technological domains are helping to survive in normal life. The advanced technology in itself cannot replace or make up for other public Covid policy measures, but it plays a major role in an emergency.

In the future, in any type of disease, the following five advanced technologies will be crucial for maintaining public trust and public health interventions.

TOPICS TO DISCUSS

1. Open source technologies
2. Telehealth technologies
3. Gene technologies
4. Synthetic biology
5. Drones, Robots and Nanotechnology

By using these methods, we can also improve the accuracy of prediction for screening both COVID'19 affected patients and normal patients.

Respected Sir/Madam

Sub: Permission to conduct Savings & Investment Awareness Program in your Organization.

Greetings from United Training Services India!!!

United Training Services India is the mandated executors to conduct Awareness Program on Savings & Investment
among students, faculty members and working professionals across various States of India. We are conducting these sessions on behalf of National Stock Exchange (NSE), Bombay Stock Exchange (BSE) and Asset Management Companies (AMC) regulated by Security and Exchange Board of India (SEBI) the main objective is to educate and empower participants and create financial literacy so that they can make sound decisions with respectto their personal finances in future. The program will also educate the audience not to invest in wrong Financial Schemes (Ponzi Schemes) and end up losing their hard earned money.

Duration: 45-60 Minutes (One
Session)Program Cost: FREE
Mode - Online
for participation E certificates will be provided

Benefits to the Audience:

- Improves the Financial Knowledge
- Helps in Taking better Financial Decisions
- To understand various Investment avenues
- To understand the need of Savings & Investment

There would be a trainer from our end conducting the program on Investor Awareness Program for your students /Employees of your Organization.

Please Note: There will be no promotion or attempt to sell any financial product in the program and there isNO Cost attached to the workshop.

About the institution

Sethu Institute of Technology is one of leading private autonomous institute, established in the year 1995 at Pulloor,Kariapatti,Virudhunagar with the motto of "Knowledge, Service and Progress". The Founder and Chairman, Mr.S.Mohamed Jaleel, renders his noble service to the sustained growth of the educationally, industrially, economically backward rural area. The college has grown into a multidisciplinary institution offering 13 UGprogrammes, 5 PG courses and Ph.D. programmes. The college is acccredited by NBA for 5 UG Programmes,affiliated to Anna University and approved by AICTE. The college is equipped with world class infrastructure and highly qualified and experienced faculty members.

About the Department

Civil Engineering Department was established in 2007 offering B.E. Civil Engineering M.E. Structural Engineering and Ph.D. Civil Programmes.Department received R & D projects from UGC, AICTE, MODROBS. TNSCST, Hyundai and other agencies. Department signed MoU with NHAI, M-Kube, Infocon, Hi-tech Cadd, Laddersurvey, BTR constructions for internship,placement and training. Department offers consultancy in the fields of Soil exploration, Concrete Mix design and Concrete characteristic tests. UGC sponsored Sustainable materials laboratory houses paver block production unit. Department organized AICTE & UGC sponsored workshops and faculty development programs. Department organized TECHEXPO an exhibition for School students once in two years. Department organizes "Civicture" symposium regularly once in two years.

About The Conference

This conference aims at bring together the academicians, scientists, researchers, industrialists, and students to create valuable discussions and to intensify the information exchange on sustainable developments in civil engineering field.

Call forPapers

Unpublished and original research articles are invited from Academicians,PG students, Research scholars and delegates from industries on the theme of the conference. Authors are responsible for the check of plagiarism and submission of articles as per the guidelines.

Conference Themes

Sustainable development

- Sustainable Materials
- Smart cities
- Smart structures
- Seismic retrofitting of structures
- AI, IOT and Sensors applications in
  - o Structural health monitoring
  - o Transportation engineering
  - o Environmental, Hydrology
  - o Water resource engineering
  - o Geotechnical engineering
  - o Construction Management&
  - o Remote sensing and GIS

Papers relevant to the broad theme of the Conference are also invited.

Submission Guidelines

- Length of the paper should be more than 2500 to 3000 words in MS Word format with Times New Roman font, with size12 pt and 1.5 spacing, within 6 pages.
- First page of the manuscript should have Title, Name of Author(s),Organization Affiliation and emailids.Tables, Charts, Figures., should be numbered and duly cited.
- Softcopy of the paper may be mailed before last date to sitcivilconference@gmail.com.

KNOWLEDGE SHARING ON IC DESIGN HELD ON 27.04.222

6. 9th National Conference on Hi-Tech trends in Engineering Computational Technologies "SITCON 2022"

ABOUT THE INSTITUTION

Sethu Institute of Technology is 27 years old engineering college serving the Educationally,Economically and Industrially backward rural mass.This Institute imparts technical education based on three cardinal principles : Knowledge,Service and Progress.It was Established in the year 1995, offering currently 13 UG courses and 5 PG courses out of which 5 UG courses have been accredited by NBA, New Delhi.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering is proud to announce its 9th National conference on " SITCON 2022 ".The Department was incepted in the year 1995 with the objective of producing high caliber technocrats and eminent software professionals. The department has a team of well qualified experienced and dedicated faculty members with industrial and research background.The Department of Computer Science and Engineering has been accredited by National Board of Accteditation(NBA-Washington ACCORD),New Delhi. It has well equipped laboratries with latest computers and laptops. The Department has been approved as Research Centre by Anna University and also received permanent afiliation from Anna University.

ABOUT THE CONFERENCE

SITCON 2022 is annual conference promoting research in Engineering and Technology. The 9th national conference SITCON 2022 is scheduled on 27th April 2022.The Conference encourages to submit authentic research paper from both academic and industries in the current thrust areas of computer science and engineering, not limiting to Artificial intelligence, Big data, Business intelligence, Machine Learning, Image Processing,Network Security, Cyber Security.

CALL FOR PAPERS

* Computer Networks
* Computational Statistics and Data Analysis
* Computer Standards and Interfaces
* VLSI Technology
* 5G Based Green IOT
* Signal and Image Processing
* Sensing and Sensor Networks
* Cognitive Radio Networks
* Neural Networks and Learning systems
* Bioinformatics and Scientific Computing
* Cluster Cloud and Grid Computing
* Medical Image Processing
* Satellite Image Processing
* Computer Communications
* Artificial Intelligence,Computational Intelligence and Applications
* Data mining and Data Sciences
* Cyber Security and Block Chain Technology
* IOT Applications
* Computer Visions
* Distributed Systems
* Embedded Systems
* Machine Learning

PAPER SUBMISSION GUIDELINES

Original and unpublished research papers not more than six pages are solicited.Papers in IEEE format (.pdf) should be submitted to the following email : sitcon22@sethu.ac.in. More details about call for papers and registration form can be found at www.sethu.ac.in.

PUBLICATION

Submitted conference papers will be reviewed by technical committees of the conference. All the papers selected for presentation will be published in reputed book publications with ISBN number.

REGISTRATION DETAILS

Research scholars, students & faculty	: ₹ 500/-
Industry delegates	: ₹ 1000/-

MODE OF PAYMENT

After receiving the acceptance intimation,the registration from the participants are to be sent in the prescribed format duly attested by the Head of the institution along with the registration fee by DD to be drawn in the favour of "The Principal, Sethu Institute of Technology payable at Karaipatti " (IFSC Code : SBIN0003781).

ACCOMMODATION

Participants have to make their own arrangements for their stay at Madurai during the period of conference. However if required,accommodation can be arranged in the hostels.

13	Classification of Plant Leaf Images Using Machine Learning Approach **M. Sanmuga Priya, B. Narmatha, C. Nivedha & K. Tamil Illakiya**	108
14	Sales Forecasting of Horticultural Products Using Machine Learning **M. Nandhini, S. Subasree, A. Hemalatha & Dr. G. Mahalakshmi**	117

15	Survey About The Mobile Adhoc Network: Types of Various Protocol, Algorithms, Attacks **K. Rajesh kumar, Dr. S. Dhanasekaran & Dr. V. Vasudevan**	123
16	Virtual Keyboard For People With Physical Disabilities **S. Subash Kanna, S. Suresh Kanna, M. Mathina Kani, B. Lalitha, M. Parvathy & M. Abdul Kareem**	132
17	A Street Cleaning System Using Faster R-CNN **B. Narmatha & M. Parvathy**	148
18	Protected Data Storage and Energy Aware Detection and Prevention of Packet Drop Attack in Wireless and Mobile Ad-Hoc on Demand and Distance Vector–Packet Drop Battling Mechanism (Aodv–Pdbm) For Cloud **R. Muthusaravanan, Dr. P. Suresh, Mrs. S. Priyadharshini & Mrs. T. Punitha**	158
19	A Comparative Analysis:Classification of Arrhythmia ECG Signals Based on Neural Networks and Recurrent Neural Network Techniques **Mrs. K. Leelarani & S. Amrita**	170
20	Smart Farm Monitoring Using Iot and Machine Learning Technique **S. Duraipandi, I. Noormohamed, M.G. Santhosh Raja & G. Maheswari**	182
21	Tourism Predictions System With Ratings in Sight R Seer Using Machine Learning **J. Jeyaprabhu, Dr. R. Rubesh Selvakuma & Mr. K. Peermohamed**	192
22	Diagnosis of Skin Cancer Using Machine Learning **T. Tamilarasi, M. Mathina Kani, M. Parvathy, U. Rama, B. Sneka & S. Sherinshifaya**	201
23	An Adaptive Neuro Fuzzy Framework For Detection and Measurement of Phishing Attacks **I. Noormohamed, S. Duraipandi, G. Maheswari & M. G. Santhosh Raja**	213
24	Virtual Keyboard For People With Physical Disabilities **Mrs. K. Leelarani & S. Amrita**	223
25	A Deep Neural Network for Mass Segmentation **G. Maheswari & Dr. Vaira Suganthi**	239
26	An Overview of Cloud Computing for the Advancement of the E-Learning Platforms **S. MadhuSangeetha**	251
27	Iot Based Coma Patient Health Monitoring System **Mrs. K. Leelarani & S. Amrita**	264
28	Survey on Various Privacy Preserving Techniques in Cloud Computing Environment **B. Sivananthan, M. Sanmuga Priya & P. Babu**	272

29	An AI Based Chatbot Framework for Showcasing Indian Heritage and Culture L. Prasika, R. Akila, M. Alocias Anisha, G. Arunadevi, K. P. Bavithraa & A. J. Haritha	279
30	Network Intrusion Detection Using Machine Learning Techniques Dr. R. Ramya & S. Ubesh Karthick	286
31	IOT Enabled Risk Monitoring System in Cold Supply Chain Management V. Pragathi, S. Raja lakshmi, S. Saranaya Thillai & P. Kathambar	291
32	Intelligent Irrigation Monitoring and Control System R. Daisy Merina, Mrs. S. Gospeline Christiana, Dr. M. Malathi, Mrs. K. Nagalakshmi & Ms. S. Vincy Infana	295
33	Glaucoma Diagnosis Based on Both Hidden Features and Domain Knowledge Through Deep Learning Techniques Nivedha E. Sivajothi	303
34	Texture Based Skin Lesion Segmentation From Digital Images Using Artificial Neural Network M. G. Santhosh Raja, Dr. M. Malathi, Mrs. S. Gospeline Christiana, Mrs. K. Nagalakshmi & Mrs. S. Sangeetha	313
35	A New Modernized Encryption Scheme Based on DNA Cryptography D. Joshi Angel Saranya, B. Guruprakash & T. Siva	325
36	Fake Profile Detection on Social Media Using Machine Learning K. Vinothini, S. Manisha, J. Sharumathi & Dr. M. Indradevi	344
