

## STUDENT SATISFACTION SURVEY 2018-2019

Features	
1	General Infrastructure and Ambience
2	Lab Facilities
3	Central Library (Space, Books, Journals, digital library)
4	Reprographic facility
5	Canteen facility
6	Curriculum and Syllabus help in Employability and Entrepreneurship
7	Balance between Theory and Practical
8	Engineering design skills provided by the Curriculum
9	Adequate choices for Electives
10	Curriculum includes sufficient Modern tools (Hardware and Software)

Features	
11	Use of ICT tools for better Teaching Learning Process
12	Program Outcomes and Course Outcomes provided by the Programme are clear
13	Quality of Course materials for Learning
14	Use of Innovative Teaching methods by Faculty members
15	Exposure to Industry practices through Guest Lectures, Industrial Visits and Industrial Projects
16	Motivation for Academic excellence through Awards
17	Encouragement/Support to participate in Co-curricular and Extra-curricular activities
18	Placement Training activities
19	Campus Placement activities
20	Grievance Redressal through Suggestion Committee and Grievance Redressal Cells

### Action Taken Report (Student Satisfaction)

Feature	Action taken
Lab Facilities	The College is taking all efforts to update lab facilities. In the current academic year, lab equipment for a worth of Rs.113 lakhs was purchased for the academic year 2018-19.
Canteen facility	New canteen has been constructed and the canteen contractor has been instructed to improve the quality of the food. As many students did not use the new canteen due to lack of awareness, proper instructions will be provided to use the new canteen to avoid the crowd at old canteen.
Exposure to Industry practices through Guest Lectures, Industrial Visits and Industrial Projects	HoDs are asked to organize more guest Lectures and Industrial visit. Students are encouraged to take up Industry project. Credits are given for Internship and Inplant Training.

In addition to the structured feedback, informal feedback also collected through online. The following actions have been taken based on the feedback.

Feedback	Action Taken
Modern tools should be included in the curriculum	HoDs are informed to provide modern tools in the syllabus and proper training may be provided in modern tool usage.
Eco friendly environment should be provided	The various clubs like NSS, ECO Club, Rotaract club etc. will be motivated to develop the campus as ECO friendly campus.
Hands-on sessions may be provided	HoDs are instructed that hands on practical sessions may be provided to understand the technical concepts in the courses.
Environment for innovation may be provided	An Innovation lab consisting of latest facilities will be developed shortly for the benefit of the students who aspire to carry out innovative projects.
